

KEEP OUT OF REACH OF CHILDREN

**WARNING**

READ ENTIRE LABEL BEFORE USING

**GHS CLASSIFICATIONS**

Health - Skin Irritation, Category 3  
Eye Irritation, Category 2A

**GHS HAZARD STATEMENTS**

Causes mild skin irritation.  
Causes serious eye irritation.

**PRECAUTIONARY STATEMENTS**

Wash hands, face, and other affected areas thoroughly after handling. Wear protective gloves, protective clothing, eye protection, and face protection. Read and follow all precautionary statements on the accompanying pesticide label(s).

**FIRST AID**

**CALL A POISON CONTROL CENTER OR DOCTOR IF YOU FEEL UNWELL**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice.

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Call a poison control center or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

*\*Spray drift reduction is dependent on many factors including equipment setup and weather conditions. For proper management of spray drift and spray deposition, all factors, including the condition and settings of the equipment and wind speed and direction, humidity and temperature must all be taken into account.*

CommodityAg LLC

**Drift Reduction Agent**

**D&D**

Delivers More Droplets Through the Canopy Onto More Leaves

**PRINCIPAL FUNCTIONING AGENTS**

Phytobland paraffinic oil, modified vegetable oil, fatty acids, alkyl and alkylaryl ethoxylates	100%
Total	100%

MINIMUM UNSULFONATED RESIDUE: 92%  
Components exempt from tolerance under 40CFR 180

**GENERAL INFORMATION**

D&D is a deposition aid that increases spray deposition by penetrating the canopy and delivering more droplets onto more leaves. D&D reduces spray drift by decreasing the amount of fine droplets\*. D&D may be used with any type of equipment or nozzles, including air induction and other fine reducing nozzles.

The products D&D can be used with include all water-soluble concentrates and granules and most other formulations. D&D may be used in a large number of applications and with most pesticides. The applications include row crop, fruits and vegetables, tree crops, vine crops, rights-of-way, industrial and vegetation management, forestry, range and pasture and other non-crop uses.

**DIRECTIONS FOR USE**

Prior to use read all directions on this label and on the label of the product used. The product label for specific usages and restrictions have precedence over directions for uses referred to on this label.

**MIXING INSTRUCTIONS**  
**SHAKE WELL OR RECIRCULATE BEFORE USE.**

1. Fill sprayer 1/3 to 1/2 full of water
2. Add dry flowables or dispersible granules
3. Add emulsifiable concentrates
4. Continue to agitate until tank is 3/4 full
5. Add D&D last to the agitating spray tank

**RECOMMENDED RATES**

Fungicides, herbicides, insecticides, and harvest aids:  
4 to 6 ounces per acre.

D&D, as with other tank mix ingredients, may cause phytotoxicity and/or mixing incompatibilities. To minimize this risk, the user must have prior experience with these tank mixes or must conduct phytotoxicity and/or jar tests whenever mixing this product or any other product into a new tank mix.

**STORAGE AND DISPOSAL**

**Storage:** Store in a cool, dry place. Keep containers tightly closed. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment wash water, spray disposal wastes or by the cleaning of equipment. Do not store near feed or food products. Do not use or store near open flame or with oxidizing agents.

**Disposal:** Do not reuse product containers. Triple rinse (or equivalent), then offer for recycling at an ACRS site (go to <http://www.acrecycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by local, state, and federal regulations.

**CONDITIONS OF SALE AND WARRANTY**

The Directions for Use of this product are based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of manufacturer or the Seller. All such risks shall be assumed by the Buyer. THE MANUFACTURER OR SELLER MAKES NO OTHER EXPRESSED OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OF ANY OTHER EXPRESSED OR IMPLIED WARRANTY. IN NO CASE SHALL THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGE RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. The manufacturer and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of the manufacturer.
