

ROBUST DP™

PURPOSE STATEMENT: This microbial inoculant is intended to improve soil biology. With an improved biology in the soil-plant environment, early-stage growing plants may display enhanced vigor, vitality and resistance to disease.

**This product is packaged by weight:
110 lbs (49.5 kg)**

Expiration Date:

Guaranteed Analysis

Calcium (Ca)*..... 30%
*from calcium carbonate

CONTAINS NON-PLANT FOOD INGREDIENTS

Microbial Inoculant (*Bacillus subtilis* concentrate)...0.08%
Bacillus subtilis.....10 x 10⁷ CFU/gm
Carrier (calcium carbonate).....99.92%

DIRECTIONS FOR USE

APPLICATION METHOD:

Robust DP is formulated to be applied as a dry powder on the seed, prior to planting. May be applied to seed at the time of bagging seeds with seed mixing equipment. May be applied to seeds at the time of planting directly into the planter box. Mix powder into the seeds in the planter box.

DOSAGE:

- 0.175-0.35 oz per 1 lb seed for large seeds (such as corn)
- 0.34-0.68 oz per 1 lb seed for medium seeds (such as okra)
- 1.15-2.30 oz per 1 lb seed for smaller seeds (such as carrot)

STORAGE:

ROBUST DP should be stored in a dry, cool, and dark place. Keep in a sealed container and protect from humidity.

CONTAINER DISPOSAL:

Empty containers should be triple rinsed and recycled or disposed of according to local guidelines.

Warning:

Not for human or animal consumption.

Keep out of reach of children.

Avoid inhalation.
